

CLASSICA GT

Caldia in rame a circuito termosifonico

- Copper inner continuous heat circulation
- Interner Kessel aus Kupfer, Heisswasserheizung
- Chaudière en cuivre, circulation par thermosiphon
- Caldera a circulación termosifonica

Gruppi termocompensati

- Heat-balancing units
- Temperaturausgleichsgruppen
- Groupes thermocompensés
- Grupo profesional hidraulico con circulation termosifonica

Commutatore accensione (0-1-2)

- Main switch (0-1-2)
- Umschalter (0-1-2)
- Commutateur d'allumage (0-1-2)
- Interruptor de encendido (0-1-2)

Attacco diretto in pompa

- Direct attack in the pump
- Direkter angriff auf die pumpe
- Attaque directe sur la pompe
- Ataque directo a la bomba

Autolivello automatico

- Automatic boiler water level control
- Wassetstandausgleich im Kessel
- Controle automatique du niveau de l'eau
- Autonivel electronico de entrada agua

1 Lancia Acqua

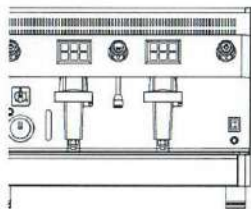

- 1 Hot water spout steel
- 1 Heisswassergeber
- 1 Lance eau chaude
- 1 Grifo de agua

2 Lancia Vapore, acciaio Inox

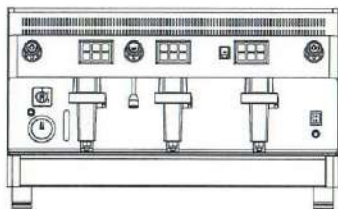

- 2 Steamspout steel
- 2 Dampfgeber Sthl
- 2 Lance vapeur acier
- 2 Grifo de vapor acero inox

No livello visivo

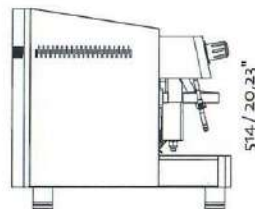

- Without boiler level indicator
- Kein visuelles niveau
- Pas de niveau visuel
- Sin nivel visual

678/26,69"

847/33,35"

514/20,23"
